Attn: Steve Margolis

Dear Steve,

I'm looking forward to working with you on a couple of new projects, the large remodel and addition in Sherman Oaks and the new art studio in Burbank. I'm sure you will give both projects the same attention to detail you have with our past projects. It's been a pleasure working with and your construction "crew" over the last decade. I can't believe it's been that long, a true testament to the integrity you bring to your work, the client and their needs.

Thanks for the referrals and I will continue to refer you to future customers. The "team" approach seems to work well, keeping the clients needs foremost and building within the time and budget requirements. It's a formula that will continue to keep you a successful contractor in the years to come.

Sincerely,

Kerry Gold Design Group
